Use additional space or pages as needed.

College and Career Advising Model used by the LEA (if using research based model not identified in Section 33-1212A, Idaho Code, site research used):

Choose an item. (Select from the list of options, if using a combination of models choose hybrid and list which models. In the space below explain how the models or portion of the models are being combined as part of the description. If using a research based model that is not listed, explain how it was determined that the model is effective and research based in this section).

Traditional School Counselor Model

Description of college and career advising and or mentoring plan, break out plan by grade level (if variable by grade):

(Summary can be grouped by multiple grade levels if plan treats grouped grade levels the same. Add additional space/pages as needed to describe the plan.)

Siler McCraw, Anser’s Student Support Specialist, will work with 8th grade students, providing specific classroom lessons on career/interest explorations. They will also be guided through developing their 4 year plans to see which classes they will need to take each year to be on track to reach their goals. She will designate time in her schedule to do this work with the 8th grade students.

Summary of method used to notify parents of available resources:

(Summary can be grouped by multiple grade levels if plan treats grouped grade levels the same)

Parents will be sent communication via email and/or mail regarding Advanced Opportunities for students in 6th-8th grades and 8th grade parents will receive communication regarding their child’s 4 year plan. There will also be an informational session available during spring conferences for parents to gather more information about both of these programs.
