

23RD ANNUAL SPRING CELEBRATION APRIL 30TH

Dear Friend and Supporter,

Anser Charter School, the oldest charter school in the Treasure Valley, will be hosting its annual Celebration and Auction on April 30th, 2022 to raise much-needed funds for the school.

These past few years have inspired us to be creative and think outside the normal fundraising box. We are implementing a new and fun celebration with a focus on community and equity. We are inviting families and local businesses to join Anser for an onsite celebration and auction. This is also a great way to acknowledge and build excitement around the upcoming completion of our new, incredible school expansion!

More than 20 years ago, a group of parents in the community came together to imagine what a dream school would look like. In partnership with the community, a school was built with the education of the whole child as the foundation of a child's learning experience. By focusing on character, skill building and social and emotional support, a child's curiosity for learning and passion for service is ignited.

As a tuition-free public charter school, Anser receives approximately 35% less funding than traditional schools of the same size. Your donation to Anser does more than help provide a unique, high-quality tuition-free education for children from all walks of life. It also supports Anser's ability to continue to positively impact our community as a whole. We are asking today for your support of our auction through a sponsorship or in-kind donation. It's an opportunity to promote your business while showing your support of our mission to educate the next generation of our community.

Our fundraising event includes a silent auction and sponsorship opportunities. Sponsorships, in particular, are a key aspect of a successful event and we hope you will consider partnering with us for this event. This event will reach over 300 families! Your support through sponsorship or a donation of gift cards or experiences would be greatly appreciated. We acknowledge that these past few years have been hard on small businesses and families and we thank you for your consideration.

On behalf of the Anser Charter School Procurement Committee,

Amanda Neill
